

THE TOMATIS EFFECT

JOHN 10 – ERIC SIMPSON – JANUARY 14, 2018

The voice can only produce what the ear can hear.

John 10:27

My sheep listen to my voice; I know them, and they follow me.

Scripture

If you want to grow in your ability to hear what God is saying then it would be wise to immerse yourself in what He's already said.

The Bible is a filter of discernment to sort through what's your voice, what's someone else's voice, and what's God's voice.

Whisper

1 Kings 19:12

After the earthquake came a fire, but the LORD was not in the fire. And after the fire came a gentle whisper.

"God wants us to hear what He's saying, and we must heed His voice. But much more than that, He wants us to hear His heart. So He whispers softer and softer so that we have to get closer and closer. And when we finally get close enough, He envelops us in His arms and tells us that He loves us." – Mark Batterson

"If you find yourself in a position where you can honestly say, 'God has never spoken to me,' then you well might ask, 'Why *should* God speak to me? What am I doing in life that would make speaking to me a reasonable thing for him to do? Are we in business together in life? Or am I in business just for myself, trying to 'use a little God to advance my projects?'" – Dallas Willard
